ISB COVID opening plan from 01/03/2021

Infection rate measured by the 7 day Bremen Incident rate per 100,000

If the School has a COVID case, then the Cohort will be immediately sent home and online learning will take place for that Cohort We will then follow the quarantine advice from the Gesundheitsamt.

Please note that the Präsenzpflcht (Parental choice) has now been lifted and that the Schulpflcht (compulsory attendance) applies for all students on the school days allocated to their Cohort.

Once a decision about a level is made, the conditions will operate for at least 2 weeks to allow time for review and planning.

The plans, however, may also be changed in reaction to infection rates linked to new variants should there be a sudden surge in cases.
